Attacked. SAM GOMPERS STANDS ACCUSED

**Union Miners Say He Does
Not Represent Them.**

**Doubt the Fealty of All the
Federation Leaders.**

**John Mitchell Receives an
Overwhelming Vote.**

BY A. P. NIGHT WIRE TO THE TIMES.
INDIANAPOLIS, Jan. 18.—Though
attacked in a resolution before the
convention of the United Mine Workers
of America at a "labor leader's"
banquet, John Mitchell, former president of the
organization, received more votes than
any other candidate for delegate to the
American Federation of Labor, according
to the report of the tellers of the
miners' convention today.

Mitchell will appear before the com-
mittee to defend his candidacy of the
National Federation of Labor, from which
he resigned last year in compliance
with a resolution adopted by the
miners' convention at Columbus (O.)
and the assembly voted today to pay
the expenses of his trip to this city.
He has declared the Columbus conven-
tion was "packed" against him.

When the tellers' report of the
miners' election was read today, it
made known that John P. White had
been re-elected president by a majority
of 48,424 over Thomas L. Lewis and
that Mitchell had received 107,487
votes for delegate to the American
Federation of Labor. Of the six other
delegates chosen, President White re-
ceived the highest vote, 91,385.

Antagonists of Mitchell, Samuel
Gompers, the American Federation of
Labor, and the National Civic Federa-
tion, failed in an effort to bring about
secession of the miners' union from
the federation of labor, but they prom-
ised to return to the United Mine
Workers in the fall.

Former President Lewis, leader in
the campaign against Mitchell, de-
clared in a speech after the announce-
ment of defeat of his candidacy for
president:

"Whatever service I enter I shall
not receive wages from employers of
labor and stay in this organization. I
shall not pretend to be a labor leader
in any sense and be something else
another."

UNIONIST LAUNDRY SOLD.
San Jose Undertaking Is Purchased
by Outsiders and a Vineyardist Will
Be In Charge.

BY DIRECT WIRE TO THE TIMES.
SAN JOSE, Jan. 18.—(Exclusive
Dispatch.) The Temple laundry,
which has been conducted by the
Labor Temple Association for seven
years, has been sold to M. T.
Meek, E. F. Willott and E. C. Strick-
land, and possession was taken by the
new owners yesterday. The purchasers
will incorporate a company, capital-
ized at \$20,000, and Meek, a vine-
yardist of Sonoma county, is to be
the president and manager. A rather
Strickland business manager, Willott
is to be the superintendent.

The laundry was established by the
Labor Temple Association as the re-
sult of a lockout of the laundry work-
ers in this city four years ago, and
the nucleus of the investment was
made by each contributor of \$5.
The deal was consummated for a
cash consideration through the efforts
of Walter G. Matthews and George
Moody, the president and secretary
respectively of the Labor Temple As-
sociation, acting in conjunction with
the board of directors.

here by the San Francisco court,
where she is soon to face trial on her
charge of stealing \$1900 from her
husband and spending the greater
part of it in Los Angeles, the
arrested by local detectives as she
was returning from the cemetery
after the burial, and confined in jail
over night on the charge of selling
mortgaged property, 20-year-old Ruth
Congrove Smith is again at liberty and
will return to California.

Her husband, who came here with
her, was arrested for non-payment of
rent when he left the State and had
to pay the rent of the house he had
with the piano dealer who had her
arrested.

BY A. P. NIGHT WIRE TO THE TIMES.
SHANGHAI, Jan. 18.—Four republi-
can troops conveying 4000 republican
troops, chiefly infantry and artillery,
marched today from Woo Sung for
Chi Fu. Several other troops are
lying at Woo Sung prepared to de-
part for the same destination with
further reinforcements.

This is the beginning of the plan
of campaign drawn up by the republi-
can commanders for an advance on
Peking. The plan arranged by the
five columns shall advance simulta-
neously from Chi Fu through
Shan Hai, Honan, Hebei, and Shan
Si, all converging on the capital.

CONNECTS A DEFENDANT.
Witness at Trial of Packers Testi-
fies to Having Mailed One of Them
Regular Test Cough Syrup.

BY A. P. NIGHT WIRE TO THE TIMES.
CHICAGO, Jan. 18.—Two defend-
ants in the trial of the packers were
mentioned today as having had per-
sonal knowledge of the test cost of
beef through weekly reports, mailed
to them by a subordinate.

Walker A. Wall, branch house man-
ager of Morris & Co. at St. Joseph,
Mo., testified that in 1904, 1907 and
1908 he mailed to Edward Morris and
Louis H. Heyman, two of the defend-
ants, reports giving the figures on
the test cost of beef. He mailed the
reports to these officials at the Chi-
cago office of Morris & Co. until Jan-
uary, 1909, when Mr. McFarland,
head of the dressed beef department,
ceased to mail the reports.

It was the first time since the be-
ginning of the trial that the govern-
ment had introduced any of the
defendants with the much-dis-
cussed test cost of beef, which the
prosecution contends played such an
important part in the alleged pack-
ers' combination.

WHERE THE GERMAN STAND.
Dr. Richard Urges Them to Boon
Arbitration Between United States,
England and France.

**NEW YORK, Jan. 18.—Dr. Ernst
Richard, president of the German
American Peace Society and chairman
of the peace commission of the
national German-American Alliance,
issued today an appeal to German
Americans protesting against what he
terms the erroneous interpretation of
the arbitration treaties with Great
Britain and France. He denounces
as preposterous and insincere the con-
tention that they are opposed to the
alliance with the nations named, and
argues that, inasmuch as a similar
treaty between the United States and
Germany is held in abeyance until the
Senate's attitude toward the peace
treaties is ascertained, they sought to
remove all hesitancy on the part of
German-Americans to urge the Sen-
ate to ratify the treaties as proposed
by President Taft. If the Senate fails
to ratify the treaties, he says, the
United States will be eliminated prob-
ably for many years from any active
participation in the arbitration move-
ment in which heretofore it has held
undisputed leadership.**

food supply. As the trip was made
in the winter, much snow and rain
were encountered, but the coolies
never faltered with the women and
children. Even though they had but
a scanty food supply, they plunged
forward courageously and faithfully
over the trails that led to Yunnan Fu.

ATTACKED BY BANDITS.
From Batching, which is so far re-
moved from China proper that it re-
quires seventeen days to make the
trip across the line, the party pro-
ceeded to Yekato, thence to Welshe to
Tait Fu, and finally to Yunnan Fu, where
the journey by horse and sedan chair
ended.

Just after the party had entered
China, bandits attacked the members
of the Edgar family and were driven
off only after a stubborn fight. At
Yunnan, which was the nearest
battle between the rebel troops and
the robber band, 300 of the bandits
were slain and scores wounded. When
missionaries resumed their journey
the following day they came upon
many of the wounded, who were still
on the battlefield beyond the south
gate.

From Yunnan the party set out for
Hailong, which was the nearest
port to Shanghai that the party was
able to make.

Embarking on a little 300-ton
steamer at Hailong, the mission-
aries made the trip around the China
coast, and finally to Shanghai, where
the members of the Little group, who
had been in the city for some time,
gave them a warm welcome.

THIBET IN WILD TURMOIL.
All nearly two months were re-
quired in making the trip from Ba-
tang. Mrs. Oden having been carried
in a chair forty-four days. Part of
the trip was made through a wild
section of country that has never
known the presence of a white man
before.

Oden, in concluding his story, said
that conditions in Tibet, particularly
in the vicinity of Batang, were in a
wild, turbulent, and that much blood
shed had occurred. Eight foreigners
were killed just over the border line,
although there were no Americans at
the place where the fatalities oc-
curred.

For six years Oden carried on mis-
sionary work for the Christian Church
in Tibet, but he insisted that pre-
sent conditions are so dangerous that
it would be foolhardy to attempt mis-
sionary work to remain in the country.

The family of James Hahn, another
missionary who decided to flee from
China, owing to the revolution, also
arrived on the Nippon Maru. The
members complained of the dangers
which threatened them and said that
they had received indirect warning
that it would be best for them to start
before the revolution broke out.

sionaries who are located in the in-
terior of China.

**A Pint of Unequaled
Cough Syrup for 50c**
The Quickest, Surest Cough Remedy You
Ever Used, or Money Refunded. Stops
Even Whooping Cough Quickly.

You may not need the 32 which a 50-
cent bottle of Finer gives you, but you
do need the wonderful effectiveness of
this famous cough remedy. It will usu-
ally stop the most obstinate deep-seated
cough in 24 hours, and has a
equal for whooping cough.

A 50-cent bottle of Finer, mixed with
honey, makes a sugar syrup, gives you a
mint—a family supply of the most pleas-
ant and effective cough remedy you ever
used. Easily prepared in five minutes—
directions in package.

The way this takes hold of a cough and
gives instant relief will make you regret
that you never tried it before. Stimulates
the appetite, is slightly laxative and tastes
good—children take it willingly. It has a
wonderful record in cases of incipient
lung trouble and is splendid for croup,
croup, whooping cough, etc.

Finer is a special and highly concen-
trated compound of Norway White Pine
extract, rich in essential oils and other nat-
ural healing pine elements. Simply mix with
sugar syrup or strained honey, in a pint
bottle, and it is ready for use. Use in
more homes in the U. S. and Canada
than any other cough remedy.

Finer has often been imitated, but
never successfully, for nothing else will
produce the same results. The genuine is
guaranteed to give absolute satisfaction
or money refunded. Certificate of guar-
antee is wrapped in each package. Your
druggist has Finer or will gladly get it for
you. If you send to The Finer Co., Ft.

Wanted! A Better Digestion

ach is weak. As a great deal of your comfort, happiness
and success depends upon a good digestion, you want to be
able to eat anything your appetite craves. Don't try to get
relief by cutting down your diet to a starvation basis, but
strengthen your stomach until you can eat good, nourishing
food. What you want is a better digestion, not a poorer
diet.

Dr. Williams' Pink Pills for Pale People act directly on
the stomach, purifying the blood that strengthens it and
toning up the nerves that control it. A trial of these pills
will make you hungry and strengthen your stomach so that
you can eat what you want without distress. Under this
treatment you will become stronger and healthier because
you will get full nourishment from your food.

Mrs. G. W. Eggleston of No. 412 East Fifth street, Topeka, Kan., says: "In
my case stomach trouble seemed to follow a run-down condition. What food
I ate did not seem to digest, but felt like a lump in my stomach. My stomach
wouldn't digest food and was sour. I was so sore about it that I couldn't
eat. I tried many remedies, but nothing seemed to help me, although I tried many
until I began taking Dr. Williams' Pink Pills for Pale People. A few boxes
helped me and I continued with them until completely cured of both stomach
trouble and rheumatism. I am now able to do my work and am in good health."

Dr. Williams' Pink Pills for Pale People have cured thou-
sands of cases of stomach trouble. These results are the
strongest reason why you should try them. If you are suf-
fering from any form of stomach trouble, let us send you our
free booklet, "What to Eat and How to Eat." A postal card
request will bring it.

Be sure that every box you buy
bears the trade mark. The genu-
ine are never sold loose, by the
doses or handfuls.

Dr. Williams' Pink Pills are sold
by all druggists, or will be sent,
postpaid, on receipt of price, 50c
per box; six boxes \$2.50, by the

A short time ago extreme activity

to men's clothing and furnishing goods.
The occasion was the near approach
of the time when Mr. Herington had

about \$30,000 more cash than he had
on hand, and immediately inaugurated
a sale to secure the necessary money.
The sale was a great success, and
thousands of men secured astonishing
bargains in suits, overcoats and fur-

All would have gone well had it not
been for the unexpected arrival of sev-

chased by the eastern representative
of the firm. The payment for this
unexpected shipment made a big
hole in the cash reserved for the spring
buying, and as a result the firm is
about \$14,700 short of the needed
amount.

When questioned at the store yes-

SIX THOUSAND GIRLS MISSING.

Army of Them Detached from Chicago.

The Wanderlust Strong in Lake-side Jungle.

"And that Ain't All," Says Inspector of Police.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Jan. 10.—[Exclusive Dispatch.] The disappearance of Violet Bucher and her subsequent discovery, effected principally because of the notoriety attending the case, has focused the attention of the Chicago police on the question of the disappearance of other young women. An examination of the records of the police discloses that twenty-four girls, between the ages of 15 and 20, since November 1, 1911, have been reported missing. The number, according to Inspector Nicholas Hunt, is a fraction of the total number of girls who have disappeared in that time. Inspector Hunt estimates that 6000 girls in Chicago between the ages of 15 and 20 disappear each year and are never heard from again.

OBTAIN NO CLUES.
The police have been unable to obtain a single clue to the whereabouts of the twenty-four girls who were reported missing since November 1.

According to the detective, unusual difficulties confront their attempts to locate these girls. Many, it is thought, later return to their homes, but the police are seldom informed of this. After once having reported the matter to the police, parents and guardians seem disinclined to give further information.

Inspector Hunt, in discussing the frequency with which girls disappear suddenly from their former surroundings, pointed out several facts as the cause.

"Economic conditions and unfavorable home surroundings most often appear to be the chief causes for girls leaving home," the inspector said.

FURTHER INVESTIGATION.
Further investigation discloses that the girl leaves home in company with a man. In this case, it is rarely we are able to find any clue to her whereabouts.

"The number of girls who disappear from Chicago each year is about 6000. During the year 1911, it seems to have been an increase in the number. Many cases never are reported to the police."

"The police labor under unusual difficulties in this matter. If it were not for the notoriety attending the disappearance of the Bucher girl, it is likely nothing more would have been heard from her."

DEMOLISHED BY DYNAMITE.

House at Ft. Worth Wrecked With Explosive Placed Under Room Where Young Women Are Sleeping.

(BY DIRECT WIRE TO THE TIMES.)

FT. WORTH (Tex.), Jan. 10.—[Exclusive Dispatch.] Dynamite demolished a two-story frame building at No. 1111, Calhoun street at 4:30 this morning, placing the explosive directly under the bed of Miss Gertrude Bishop and Miss May Thompson, two young white women. Neither was injured, their escape being miraculous.

The building was demolished, the floor torn up, windows smashed and furniture thrown about the room. The explosion broke windows in adjacent houses and shook other buildings for blocks. A few about eighteen inches long and a hole dug under a window were found by the police and the odor of the dynamite could easily be detected. The dynamite apparently had been placed where the women were sleeping as they pointed the explosive at a point under the floor not more than three feet under their heads.

Miss Bishop says she has no idea who could have been responsible for the explosion. She says she has no enemies that she knows of and there was no disturbance in the house last night. She was awakened by the report of the broken glass and the sound of breaking timbers. The bed was against the window and she raised several feet from the floor.

THE "LISE THREAD" BANK.

Vindicated in Estimation of Chicago Lady Whose Assailant Didn't Get Money from Stocking.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, Jan. 10.—[Exclusive Dispatch.] Three women were held up and robbed, two of them being strangled, and two men were beaten into insensibility in a series of robberies on which the police in various sections of the city worked today.

Mrs. Hattie Nichols was attacked by a negro, who approached from behind and seized Mrs. Nichols by the throat. When the woman's strength was exhausted and she was almost unconscious in the vicious grasp of the man, he took \$12 from her purse and ran.

The "Lise Thread" bank was vindicated in the robbery. Mrs. Nichols had \$50 in one of her stockings and by attracting her assailant's attention to the purse, he overlooked the larger amount.

Miss Mary Daley fared worse. She was attacked by a man who choked her cries and dragged her into an alley. The man left her unconscious in the alley.

GIVEN EXTREME PENALTY.

Sicilian Who Shot and Killed Two San Francisco Policemen Is Found Guilty of Murder.

(BY A. P. NIGHT WIRE TO THE TIMES.)

SAN FRANCISCO, Jan. 10.—Palos Prandinos was found guilty of murder in the first degree for the killing of Policemen Thomas Finely and Charles Custer at the Ferry building on November 26, last. The jury was out one hour, and as the verdict came, Prandinos first shot Custer through the leg and when the policemen attempted to arrest him, he shot and killed both of them. His attorneys pleaded insanity as the defense.

The Greatest Rug Sale

EVER LAUNCHED IN LOS ANGELES
NOW IN PROGRESS AT HALE'S

A Whirlwind Rug Sale—The Aftermath of the Big N. Y. Auction
Featuring the Very Best Makes of Domestic Rugs

Alexander Smith & Sons, W. & J. Sloane, S. Sanford & Sons,
Schofield Mason & Co., and Other Well Known Makers

Rug Prices Paralyzed—Carloads of Underpriced Rugs Every Size, Every Shape, Every Make, Every Color

At the annual rug auction in New York, our buyer purchased more rugs than all the rest of the Los Angeles rug dealers combined; and secured his purchases at the lowest price of any buyer on the floor. In addition to his auction purchases, he secured hundreds of rugs from other sources at prices that parallel his auction purchases. The entire shipment came by water, giving us the advantage of the very lowest freight rates. The goods have arrived and amount to several carloads. We must get quick action. Nothing but a whirlwind sale will enable us to handle this huge consignment of domestic rugs. We have priced these goods at the lowest figures ever quoted in Los Angeles for rugs of such high character. All new patterns—the spring designs of 1912. We can show you the most complete rug stock ever displayed in Los Angeles. The greatest rug values you have ever known, and the most splendid chances to save on rugs that you have ever met, but you must act quickly. The sale is now in progress and will continue until every rug in this huge shipment is disposed of.

NEWS REPORTS FROM CORRESPONDENTS OF THE TIMES.

JURY PONDERS OVER CHARGES.

Crown City Druggist's Fate Is Not Decided.

New Instructions to Be Given This Afternoon.

Two Brilliant Social Events Mark Week End.

[Office of the Times, 23 E. Fair Oaks avenue.]

PASADENA, Jan. 10.—After deliberating for over five hours, the jury in the case of Charles L. Farrier, one of the proprietors of the Charles L. Ward Drug Company, who is charged with violation of the city liquor ordinance, failed to agree last night. The jury declared they did not know what interpretation to put on some of the instructions they had been given.

The verdict apparently hinges on the question of whether the defendant must necessarily have had knowledge that the ordinance was violated by the company to be guilty of the charge.

City Attorney Carr urged that time be taken to present a Supreme Court decision bearing on the point that has not been submitted, and after a consultation with counsel on either side, Judge McDonald continued the case until 1 o'clock this afternoon.

SOCIAL ACTIVITY.

One of the most exquisitely appointed luncheons of the season was given yesterday afternoon in the colonial dining-room at Hotel Green by Miss Mary Manning of Troy, N. Y., who is spending the winter at the hotel. With hyacinths, crocuses and violets, a spring motif was carried out and baskets of yellow roses given as favors, added their charm. Covers were laid for thirty, including Mrs. Albert Sherman, Hoyt Montgomery Ward, Elias Allen Ford, Walter Raymond, Duane Armstrong, J. B. Rubba, H. M. Robinson, Artemus Lamb, John T. Greenwood, Frank Ogilvy Wood, William E. Grant, George G. Green, Charles Reed, D. Dawson Thomson, J. M. Davis, C. H. Hill, W. J. Barton, Frank G. Hill, Henry H. Sher, E. C. Mason, M. E. Tomlinson, David H. Vandilye, E. M. Neustadt, Fred Elmer Wilcox, Joseph H. Johnson, David B. Plummer, Benedict O. Gregory, McDonald, and Miss Charlotte Thomas.

At the home of Mrs. Harrison I. Drummond on South Grand avenue the Box Committee for the Pasadena Philharmonic concert course, which opens Monday evening, February 5, at China's Theater with Mrs. Ernestine Schumann-Helnic, met and reported that the two boxes holding twelve each had been disposed of for the course of four seats each, at \$225 each; that seven boxes had been disposed of at approximately \$140 each, for the same number of seats; that several boxes which are yet to be sold. The gallery seats which were reserved at a nominal sum for music teachers and pupils have nearly all been seized upon. The main body of the house was taken some weeks ago by the subscribers to the guarantee fund. The proceeds from these entertainments will be used in building a permanent music hall for Pasadena on Thorpe campus.

DEFECTIVE WIRING.

The Villa-street fire department was called to the residence of S. C. Kogeborn, No. 285 North Vernon avenue, at 11:30 o'clock yesterday morning to extinguish a fire, which originated in a clothes closet. It is believed to have been caused by crossed electric wires. The damage is estimated at \$200 and the owner of the property carried no insurance.

ENGINEER IS COMING.

An engineer representing the Kansas City firm of Waddell & Harrington, which drew the plans for the proposed new Colorado-street bridge across the Arroyo Seco, is now on his way to Pasadena. Several objections to the plans have been made by the Los Angeles County Surveyor and the company is sending one of its experts here to make the required changes. Actual work on the bridge will probably not be begun for some time yet.

CITY BRIEFS.

Former Gov. Farlee will speak at the Pasadena High School at 4 o'clock this afternoon at a teachers' meeting.

Mrs. F. F. Rowland yesterday was elected chairman of the board of directors of the Pasadena Children's Training School.

Kanyon Warren, president of the Ohio Society, received word yesterday that Gov. Harmon of Ohio will not come to Pasadena until next month.

According to J. W. Goodwin, business manager of the Namene University, work on the proposed extension of the East Washington-street car line will be begun March 1.

Members of the Young Women's Christian Association claim in expression will present "Julius Caesar" at the gymnasium tonight.

The Madison school orchestra entertained the members of the Board of Education with a musical at the school building yesterday forenoon.

Poldore Rubo, 8-year-old son of H. Rubo, manager of the Pasadena alley, is the champion boy bowler of Pasadena. He made 123 and 145 yesterday.

Bank Robbers Deserted Wounded Companion and He Gave Up Vacant Home to Dress Wounded.

NEWPORT BEACH, Jan. 10.—It developed today that the bank robber wounded by William Hall in the raid made on the State Bank of Newport last Saturday morning was a victim of his own greed.

He was rescued in a tugboat from the U. S. Coast Guard cutter, the U. S. S. Albatross, which was on duty in the Newport area, a short distance up the coast.

beach, going after a bucket that was in the house.

He was unable to gain admittance with his key, however, as the door had been locked from the inside. He returned to the Surf Clubhouse and did not again visit the shack until today, when he found blood where some one had been dragged to a window. He immediately summoned Sheriff Rudbeck and Marshal Sorenson of Huntington Beach, who entered the house and found great pools of blood on the floor also the bloody coat and shirt of the handkerchief found hanging in the bunkhouse. Strips of bandage were found where the man had endeavored to tie up his wounds and stop the flow of blood, also where he had taken a handful of lard out of a bucket for a salve.

By the appearance of the blood on the floor and on the garments the man must have been shot in the right hand, also in the face. The front of the shirt was soaked with blood, but had no shot marks in it. The bloody trail was taken up the Newport, just after Hall fired at the man, and it was thought strange that no blood marks were found in the room where it was recovered at Olive, eighteen miles away.

OFFICES BURGLARIZED.

South Pasadena Professional Men Lose Gold and the Police Are Busy But Hopeless.

SOUTH PASADENA, Jan. 10.—The dental offices of Dr. Robert Updyke and Dr. Samuel T. Lyles, in the Osgood building, corner of Fair Oaks avenue and Mission street, were entered by burglars some time during last night and over \$100 worth of gold taken. Both offices had Yale locks, and entrance was effected by key, according to a statement made by the police, who are working on the robbery, but so far have nothing to report.

NEWS BRIEFS.

The members of the Ladies' Aid Society of the Ononta Congregational Church, intended to support to the men of the church this evening in their bungalow on Electric avenue. Mrs. Frank Stephens acted as toastmaster for the occasion.

After a period of fifteen months, during which he has conducted the affairs of the Christian Church most successfully, the congregation, has extended a call to the pastor, Rev. Booker Smith, to occupy the pulpit for the coming year.

With the idea of conferring with other committees already appointed, to consider the matter of a federation of a Parent-Teachers' Association in South Pasadena, Mrs. D. E. Gardner, president of the Lincoln Park association, was authorized to appoint a committee from that body, and within the next few days it is expected that active steps will be taken toward forming this organization, composed of the members of the El Centro, Marquette and Lincoln Park associations.

It has been felt for some time that when a matter of general interest to the community is at stake, the combined efforts would be more effective than with each association working for its own school. At the last meeting of the board of trustees held this week, they adopted a resolution of intention in Oak street from Wayne to Gardfield avenue, and those who are especially interested are now active among the property owners.

The portion of Oak street has never been graded, surfaced, oiled or otherwise improved. It is desired to have it graded, surfaced and oiled, but attention must be made to have it paved at the same time. There is some opposition to the proposed improvement, and the possibility exists that a protest will be filed with the board.

REDONDO IS DIVIDED.

Four Precincts Are Formed for the Convenience of Voters in Future Elections—News Briefs.

REDONDO BEACH, Jan. 10.—In accordance with the new divisions, the city is divided by lines running from the east city limits to the Pacific Ocean. Precinct No. 1 is bounded on the north by the city limits and on the south by Beryl street, and the line prolonged to the ocean. Precinct No. 2 is that section of the city contained between Beryl and Emerald streets. Precinct No. 3 lies between Emerald and Pearl streets.

Hotel Redondo is included in this precinct, as the line runs along Pearl street to the west end of the city. Precinct No. 4 is that territory between Pearl street and the south city limits.

NEWS BRIEFS.

A committee composed of a representative from each of the several organizations is being formed to take up the matter of a public library building in this city. As soon as all of the members have been appointed a meeting will be held and plans will be made for a campaign for the library. The members of the committee who have been appointed to the present time are: Mrs. M. L. Lyster, Mrs. R. H. DeGarmo, Mrs. J. W. Ransom. The other organizations will appoint their representatives within a short time, and the work of the committee will start.

A banquet was held last night in the Casino in honor of A. L. Walton, head clerk in the purchasing agent's office of the Pacific Electric Railway, by the employees of the water tower and personal friends. Mr. Walton was presented with a gold watch by the water tower employees, his kindness during the two years he was manager of the Redondo Beach Company.

COLTON.

COLTON, Jan. 10.—Court Colton, No. 418, Independent Order of Foresters, will give a musical and literary entertainment tomorrow evening, the proceeds of which are to be donated to the Tuberculosis Home at Los Angeles. Some of the best talent in this vicinity has been secured for the occasion.

Colton Chapter, No. 211, O.E.S., was visited by Mrs. Lena W. Stannard of Los Angeles, worthy Grand Matron, this evening. After the regular work, a sumptuous banquet was given by Mrs. Stannard in guest of honor.

WIDENING OF STREET OPPOSED

Electric Road Claims Courts Have No Jurisdiction.

Problem Is Up to the State Railroad Commission.

Right-of-Way Is Affected by Proposed Improvement.

LONG BEACH, Jan. 10.—In an attempt by the city to straighten and widen Redondo avenue, between Tenth and Anaheim streets, a snag has been encountered in the opposition of the Pacific Electric, whose right of way is affected by the condemnation proceedings. In filing a demurrer to the suit, pending attorneys for the road claim that the courts have no jurisdiction because the Legislature has taken railroad crossings, and right of way out of the courts and placed sole jurisdiction with the State Railroad Commission.

Investigation of this claim shows a tangled condition of the law. The Legislature in February, a year ago, passed an act relative to the jurisdiction of railroads, but left the crossing problem out. In April an amendment was passed providing for this.

The recent Legislature passed a new act nullifying the existing law, but left out the crossing provision, where it belonged, inserting it, however, in another place, but this act is not yet effective for ninety days.

The contention is that the city would acquire a ten-foot strip along the road's right of way on Redondo avenue.

BOND ISSUE OPPOSED.

While the sentiment of the taxpayers generally is that permanent repairs, or practically a rebuilding of the Pine-avenue pier, is a necessity, there is some opposition to the idea of a bond issue for the purpose, both because of the added indebtedness and also the fear that there is an opposition to the idea of a bond issue as evidenced in a recent election for an extension of the sewer system.

Interviews today with a number of business and professional men indicate a popular feeling toward the enterprise, offering for sale a franchise for private parties and make an amusement and revenue producing enterprise, yet under sufficient city jurisdiction to protect the city against any possible undesirable features. The idea is to enlarge the pier plan and instead of one pier owned by the city, have a horse-shoe wharf, the ends leading out from American and Pine avenues.

There is considerable agitation of this proposition heard on the streets today, and the plans may be brought before the City Council Friday night.

NEW SECRETARY SELECTED.

At a meeting of the Chamber of Commerce this morning, the officers presented to the board the name of E. C. McClellan as secretary to succeed W. L. Camp and the choice was ratified. The salary was fixed at \$100 per month. Retiring Secretary Camp, who becomes secretary and general manager of the Chamber of Commerce, with offices in Los Angeles, was presented with a diamond-studded gold watch fob, the gift of business men of the city.

CLAN WEEKLY CALL PORT.

P. P. Doe, president of the North Pacific and Alaska Steamship Company, has notified the Chamber of Commerce that if the company is given free dockage and wharfage for a given length of time he will place the Santa Clara, a steamer of 1,000 tons, in service between Long Beach and San Francisco, making this a port of weekly call. While the Council will not be able to grant free wharfage it is probable that the city will amend the wharf ordinance to place a normal charge when the cargo of freight carried by the Santa Clara.

SMUDGE PROBLEM DISCUSSED.

POMONA Council Hears Complications and Listens to Defense of Methods Used to Save Oranges.

POMONA, Jan. 10.—The "smudge" proposition was again discussed by the City Council and the proponents and opponents of the issue at a meeting held at the City Hall yesterday afternoon, which was largely attended.

The Council has received many protests not so much against the policy of smudging, but rather against the kind of fuel used via low grade "stop" distillate. F. J. Dreher, F. J. Smith, J. E. Adamson, made earnest talks in favor of smudging, citing the commercial importance of the orange industry to Pomona and the wisdom of taking any steps that would act as a frost preventive in seasons when temperatures endanger the orange crop.

E. E. Gillen and Judge Garrett spoke for those who have suffered from the smudging and the latter urged, along with Dr. T. J. Wilson of the Board of Health, that something other than such crude distillate be used.

Dr. Dreher introduced a resolution asking co-operation of the Council to the extent of \$1500 for an investigation to determine the best substitute for the use of smudging, the matter will be further considered.

The landmarks section of the Ebell Club met this afternoon at the home of Mr. P. H. Hitt on East Hill avenue. A paper was read by Miss McKinley upon Monterey county touching upon the romantic history of the old mission by Father Serra to the time of the raising of the American flag on that first occasion on California soil. Mrs. J. W. Fulton read a paper on Sir Francis Drake and Mrs. S. M. Eager spoke upon the famous historic Calaveras skull.

Following a bountiful supper served at K. of P. hall this evening, the Pythian Sisters installed newly-elected officers for the ensuing year. Mrs. E. E. Armour as senior and Mrs. E. W. Wright as manager. The following were inducted into office: Miss Jennie Baker, most excellent chief; Mrs. C. O. Werner, excellent senior; Mrs. Eugene McIntire, excellent junior; Miss Grace Wolverson, manager; Mrs. W. E. Stevens, mistress of records and correspondence; Mrs. W. F. Krause, mistress of finance; Mrs. W. Taylor, guard; Mrs. F. W. Neidermeyer and Mrs. A. Vandegrift, trustees; Mrs. E. L. Downing, degree case captain.

PALMS NOTES.

PALMS, Jan. 10.—Mrs. Ascencion Macho, who died at her home about a mile south of Palms on January 10, was buried in Woodlawn cemetery, Santa Monica, this morning. Her services being held in St. Augustine's church, corner of Sixth and Washington streets. The deceased was well known in the community, a member of one of the oldest and most highly respected of the Spanish-American families in this vicinity.

Joseph B. Kerr, the enterprising her daughter, Mrs. Elizabeth Norton, of Boston, who is here for a winter's visit. Mrs. Norton is a member of and an instructor in the mother church of the Christian Scientists of Boston. She is accompanied on her trip by Mr. and Mrs. A. V. Stewart, also of that city.

Building continues active in Palms, and real estate men report an increase in inquiries for property. The Citizens' Bank of Santa Monica has purchased a lot at Fourth street and Delmar avenue, opposite the post office, and will immediately begin the construction of a brick building which it intends to use as a branch bank. The reported price paid for the lot is \$12,000.

Mrs. Malvina Ross has sold her home on the corner of Fourth street and Palms, and is moving to Los Angeles, where she intends to occupy it as a residence. The consideration was \$12,000.

FIRST CANTALOUPE SEED PLANTED BY JAP COLONY.

Imperial County.

Imperial County, Jan. 10.—The first cantaloupe seed for the season of 1912 was planted yesterday by the Japanese Association on its lands at Heber. This premier planting is twenty acres, and while considerable risk is being taken in having the tender plants shipped by a late frost, it can be avoided the Japs stand the chance of producing the very earliest melons in Imperial Valley.

During the ensuing ten days, however, many acres will be planted to cantaloupe seed in Imperial Valley. It is probable that the acreage will be about the same as that of last year. While numerous individuals will drop out of the melon game, it is understood that several of the commission men will have their own representative in the field to plant acreage.

BEE IMPORTS PROHIBITED. The Imperial County Supervisors have adopted a new bee ordinance, which prohibits the importation of colonies of bees from other counties. This ordinance has been adopted at the instance of the valley bee-keepers and is intended to protect the local industry.

Orange County. The City Trustees pay for twenty cents to be given by the Santa Ana Board during the summer months.

NEWS IN BRIEF.

Red Cross Meeting.

The annual meeting of the Los Angeles chapter of the American National Red Cross Society will be held today at 11:45 a.m. in the committee room of the Chamber of Commerce (third floor).

Woman's Law Class.

The woman's law class will resume its studies at 3 o'clock tomorrow afternoon in the office of American National Red Cross Society, 1115 Broadway, where the class will be held.

U.S.C. Senior Reception.

A reception in honor of the outgoing class of the University of Southern California, tendered by members of the faculty and friends, will be held at 2 o'clock this afternoon at the college of liberal arts.

Water-wheel Generators.

The Union Iron Works Company of San Francisco has been awarded the \$100,000 contract for furnishing this city with three large water-wheel generators for the aqueduct power plant, according to a dispatch received from San Francisco last night.

Petroleum and Traffic.

The Los Angeles Traffic Association will hereafter have its semi-monthly luncheon in the fourth floor private dining-room at Hamburger's. The next luncheon will be Monday, Jan. 22, when the association will discuss the petroleum and traffic situation.

Demonstration by Dobbin.

Although aviation is a thing of the present, the horse is not a thing of the past, and to demonstrate this the Los Angeles Traffic Association will hold a demonstration of the horse and carriage at the Los Angeles Coliseum on Saturday.

Osteopaths' Banquet.

The Annual Association of the Los Angeles College of Osteopathy will hold their semi-annual banquet at Christopher's Restaurant, 4th St. and Main, at 8 o'clock this evening. The speakers will be Dr. C. H. Copeland, Dr. G. G. Murphy, Dr. R. W. Bowdler, Dr. L. B. Ashcroft, Dr. W. V. Goodfellow and Dr. C. H. Plumb.

"Uncle Remus" at Y.M.C.A.

Prof. Paul Pearson of Swarthmore College will give a lecture-recital to-night at the Y.M.C.A. The lecture will be on the subject of "Uncle Remus," one of the most delightful of story-characters.

Free Lectures at Y.W.C.A.

Miss Anna Williamson of the California Hospital will give a vocational talk of nursing at the Y.W.C.A. this afternoon, at 4 o'clock. It will be free to the public and will contain definite information on the subject of nursing as a profession. The speaker will be Dr. C. H. Copeland, Dr. G. G. Murphy, Dr. R. W. Bowdler, Dr. L. B. Ashcroft, Dr. W. V. Goodfellow and Dr. C. H. Plumb.

No Normal Site Yet Chosen.

The trustees of the State Normal School met yesterday and considered the question of purchasing a new site for the school, but arrived at no decision. They discussed the Highland Park site of twenty acres, and the Echo Park site of eighteen acres, and the latter has to its advantage the adjoining fifty acres of Echo Park. The trustees will meet again on Monday afternoon at 2 o'clock to again take up consideration of the subject.

Getting Ready for Gipsy Smith.

The committees of the Gipsy Smith campaign held a meeting yesterday and talked over arrangements for the two weeks' meetings, which will begin on January 27. The distribution of \$5,000 to the churches and to be handed out on Sunday, has commenced, and on that day every minister will give minute details of the plan of campaign and make appeals for personal workers. It was determined yesterday that all the committees will go in a body to the railway station next Wednesday to meet the evangelist upon his arrival from San Francisco.

May Bring Factory Here.

The State Sales Company, which manufactures a novel device for the prevention of fires and explosions by inflammable liquids, announced yesterday that they are planning to move their factory from San Francisco to this city. The capital invested represents about \$25,000. The device, which is the invention of S. W. Well, now of this city, is a nearly fool-proof arrangement on the order of the Davy safety lamp. Inserted in the outlet of a gasoline container, it is said to so prevent the formation of explosive vapor as to prevent ignition of the liquid even when a bare flame is applied.

State Highway Office Here.

Arrangements have been completed for opening headquarters of the California Highway Commission in Los Angeles. W. L. Clark, a division engineer in the employ of the commission, will have charge of the office here, and will direct the highway work in the southern part of the State. The work includes numerous surveys with a view to determining the practical routes for the State length highway. To facilitate the work the State has been divided into seven divisions with headquarters at a division engineer. This city is the seventh division, which includes the following counties: Los Angeles, Santa Barbara, San Bernardino, San Diego and Imperial counties.

Nazarene Sunday-school Convention.

The Pentecostal Church of the Nazarene has closed its Sunday-school convention. Dr. E. P. Plym-Ford, president of the Nazarene University at Pasadena, was the subject of "Evangelism." Mrs. J. S. Norvell, of "The Teacher and the Class," Dr. E. R. Walker, superintendent of San Dimas, on "Lesson Exposition."

Rev. W. C. Wilson, superintendent of the Los Angeles district, on "The Conversion of Children." The entire convention was under the direction of Dr. P. F. Breese, general superintendent, and the sessions have been specially devoted to the elaboration of advanced technical development of the schools and the most efficient methods of instruction.

Pine Tree Pleasures.

A programme of vocal and instrumental music and addresses will be given by the Pine Tree State Association at Starr Rectory Hall, No. 628 South Hill street, this evening. All former residents of Maine are invited to attend. The programme is as follows: Piano solo, Miss Clara Davidson; song, "The Pine Tree State," Miss Sully Ellis; address, "Organized Maine Society," C. H. Parsons, secretary, Federation of State Societies; song, "Maine," Miss Sully Ellis; piano solo, Miss Margarette Bitters.

GAS RATE CONTROVERSY.

Orange, Fullerton and Anaheim Trustees Demand Same Rate Enjoined by People of Santa Ana.

ANAHEIM, Jan. 18.—

Determined to secure dollar gas, a meeting of the trustees of Orange, Fullerton and Anaheim was held in this city this afternoon. It has been shown that the rate at Santa Ana is a dollar, while rates of the three other cities named, which are supplied by mains from the Santa Ana plant, are \$1.15.

President Hindeale of the gas com-

pany declared they will stand for a rate of \$1.25 per thousand was the lowest possible figure the company could grant. He also said the city of Anaheim was entitled to a rate of \$1.25 per thousand, and since the present stockholders assumed not a single dollar in the company, he said, it is a dividend of 6 per cent on their investment.

In answer to the inquiry Mr. Hinde-

ale stated that the company had not fixed the dollar rate at Santa Ana, but that the city inherited the contract from the old company, and was losing money by it. He said that the gas company's books could be inspected by the trustees and thus insure the fact that a rate-off is not being secured.

POINTED FOUR GUNS.

Alex Wright of this city experienced a hair-raising moment at Newport Beach just after sunrise, yesterday, while trying to get a shot at some wild ducks. He had placed his rifle on a stand and was about to take a shot when he saw four guns pointed at him.

He believed him to be the man who robbed the Newport Beach Bank. Mr. Wright said: "Gentlemen, you have got the Wright man, but you have got the wrong one." The men in the boat let him go, and he returned to his home.

POWERS CAUSE DEATH.

San Diego Man Takes Medicine for Headache and Paralysis of Heart and Death Follows.

(BY DIRECT WIRE TO THE TIMES.)
 SAN DIEGO, Jan. 18.—[Exclusive Dispatch.] William M. Taylor, 38, a civil engineer of No. 2224 Campus avenue, went home feeling ill last night. He was suffering from a cold and had a headache. He took a dose of quinine to break the cold and a headache powder to relieve the pain in his head.

ENDS LONG TRIP.

After covering a distance of approximately 14,000 miles on the Atlantic and Pacific oceans during the last fifty-four days, the navy cutter Nero, Capt. William J. Kelton, steamed into San Diego harbor shortly after 7 o'clock this morning and dropped anchor in the stream off the Spreckels bunnies.

The Nero has a merchant complement of about 100 men and crew. It came from Newport News via Atlantic and made its last journey without mishap of any consequence. The Nero is carrying a large cargo of coal for the government coaling station at Mare Island and put in here this morning to deliver fuel to the Pacific torpedo fleet. The supply of the midship ships was beginning to run low and the work of taking on fuel began immediately.

COURT TALKS PLAINLY.

Judge Bledsoe in Ventura Courts Gives Voice to Vigorous Beliefs About Case in Hand.

VENTURA, Jan. 18.—Judge Bledsoe of San Bernardino, sitting for Judge Clark in the Superior Court here, has taken under advisement the decision in the case of Snow versus Holst, and in doing so made use of some rather sensational remarks.

"The only question in this case," said Judge Bledsoe, "is whether or not this action is barred by a former proceeding. This plaintiff is entitled to his money, and he has it by former suit. It seems self-evident that there is any way under the law that the plaintiff can recover this case."

crop of dried apricots of about forty tons entered into the deal and that as the fruit was joint property when the crop was sold both parties should share in the profits. The man, who (Snow) agreed to share the loss up to \$500.

Plaintiff alleges that in the settlement Holst had claimed that he sold the fruit to the B. Holst Company (and the evidence showed that the company was in fact a partnership of the two parties) for 7 1/2 cents per pound, charging Snow with a loss of \$397. Snow claimed that Holst had in reality sold the fruit to a Philadelphia firm for 9 cents per pound. He claimed that he should have shared in the profits of this sale instead of in the loss of the previous sale.

DIED FROM POISON.

J. H. Riley, a harness-maker of Camarillo, was brought to the County Hospital here yesterday, suffering from apparent poisoning and died a few hours after his arrival. The man, about whose little is known, went to Safford last Saturday from Camarillo, and he is believed to have taken care of himself and suffering from some cause, was given a bed in the hospital. He was offered food, but refused to eat, and he had taken a dose of strychnine. Mr. Graham put him in a buggy and hastened with him to the hospital. The coroner will investigate the case.

BURGLAR ESCAPES WITH LOOT.

Enters Redlands Home and Takes Away Valuable Jewels—Woman Made Ill By Shock.

(BY DIRECT WIRE TO THE TIMES.)
 REDLANDS, Jan. 18.—[Exclusive Dispatch.] A burglar this afternoon entered the home of H. A. Cherrier, No. 154 West Fern avenue, and secured \$100 worth of jewelry.

Mrs. Cherrier returned home about 4 o'clock and it is thought her entrance put an end to the burglar's work, and caused him to depart by a rear route after having ransacked only three rooms and taken away the loot.

A young man, whose name was made known to the police, is a neighbor of the Cherrier's. This morning he suspected of the theft and he was seen at his home by the police. The police are on his trail but have not located him yet.

DEATH STAYS HAND.

SAN PEDRO, Jan. 18.—While in the act of signing a check for \$100, which was delivered by a mail carrier, Sam Heckman, a veteran of the war, died suddenly this morning at his home on Seventh street. The signature of the old soldier had been almost completed when death struck.

Mr. Heckman was a member of the Co. B, Eighth Regiment Iowa Volunteers, and came to San Pedro recently from Portland.

Beverly Hills is enjoying an almost unprecedented period of buying and building activity. The weekly sales record of lots in Beverly Hills is overwhelming proof of the residential worthiness of this beautiful foothill-garden-park. Splendid homes are rapidly rising in all parts of this most picturesque of all Los Angeles suburbs. And greatest of all, the majestic new \$300,000 Beverly Hills Hotel is speedily approaching completion.

Why is Beverly Hills outdistancing all other suburban home places? The answer is easy. Here you find generous-sized building plots (not 50-foot lots) at the same price, and even lower than the little cramped sites in other high-class suburbs. Here you have a wealth of landscape (you are not shut in) and foothill grandeur, inspiring valley vistas, delightful, health-giving ocean breezes, and every metropolitan convenience and public utility. Gas, electricity, sewers, telephones, mountain water—all city improvements, with the benefits of suburban residences.

Over a half million dollars has been expended for improvements. That Southern California suburban living affords is yours at Beverly Hills. The proximity of the fashionable Los Angeles Country Club House and Golf Links adds further value to property at Beverly Hills. Compare the scale of prices here with those in equally exclusive locations. Beautiful homesites, 80x160 to 100x260, \$20 to \$30 per front foot. Acreage at relatively low prices. Special bonus to immediate builders. Our automobiles are at your disposal.

Pioneer ROOFING

Our Ready Roofing holds its life indefinitely. The secret of this lies in our thorough knowledge of how to treat asphalt-saturated material in the best way to retain its natural oil. Cheap roofing quickly dries up and falls to pieces, even when heavily painted. You don't have to paint Pioneer Roofing.

The sand coating used for the final finishing of Pioneer Rubber Sanded Roofing is a distinctive and valuable feature that no other roofing possesses. It adds materially to its strength while leaving it pliable and easy to handle.

Most of the Ready Roofing used in Los Angeles is Pioneer Roofing. This fact alone shows that it is from all standpoints THE BEST.

Central Figures of Smart House Party.
Mrs. William May Garland (left) and her guest of honor, Mrs. Arthur Collins, entertaining at the Bolso Chic Club.

MRS. ARTHUR COLLINS of London, who has been the guest of her parents, Mr. and Mrs. Cameron, 3700 Wilshire, for the past three months, and who will leave Monday for New York, is the motive for one of the most delightful house parties of the season.

Mrs. and Mrs. William May Garland of West Adams street are entertaining a party of friends at the Bolso Chic Club in Mrs. Garland's honor. The guests left yesterday and will return home Friday in time for Mrs. Collins to prepare for her eastern journey.

In New York she will meet Mr. Collins, and plans for the home trip will be made. Dinner was served at the club last evening and later dancing was enjoyed. A pleasant program is planned for Friday. The Bolso Chic Club may room at will over the grounds, as the entire place has been turned over to Mr. and Mrs. Garland.

Invitations for this party were accepted by Mr. and Mrs. Leo Chandler, Mr. and Mrs. Michael J. Connell, Dr. and Mrs. Guy Cochran, Mr. and Mrs. Robert G. Neustadt of Pasadena, Mr. and Mrs. Russell MacD Taylor, Mr. and Mrs. William May Garland, Mr. and Mrs. E. Avery McCarthy, Dr. and Mrs. J. J. A. Van Kesthoven, Mr. and Mrs. Chester Montgomery, Mr. and Mrs. Walter Miller, Mr. and Mrs. W. S. Hook, Miss Grace Mellus, Miss Annis Van Nura, R. J. Schwenke, Gurney Naylor and W. May Crawford.

Mrs. Collins was to have remained a fortnight longer and dinners, teas and luncheons have been postponed since the hurried plans of departure.

Mrs. Thomas was hostess Wednesday at a luncheon given as a parting compliment to her daughter. The guests were entertained at the Hotel Alexandria.

Under the supervision of Herr Reichel the banquet-room was transformed into a bower of beauty. Luncheon was served at a long table adorned with a miniature lake and islands.

Added to the artistic arrangements were gold fish and a grotto lighted with electric lights. Surrounding the lake were quantities of roses and fluffy ferns. A pretty touch was added by the electric lights, which changed from red to blue and other colors.

During the course of the journey was suggested by unique devices. A large ship flying the Union Jack and the Stars and Stripes, was brought in filled with bon-bons, and the loss were served in automobiles made of candy. Small trucks filled with fruit were given as favors at places were marked with miniature cards. Flavors of five guests were present. Airships arranged on wires about the room and catchy music by the orchestra completed the setting.

Saturday a jaunt to the Craggs Country Club will be presided over by Mr. and Mrs. Nat Myrick.

INJURED BY ELEVATOR.
Charles Mazzani, a bootmaker of No. 1517 East Fifty-fourth street, sustained a compound fracture of the left ankle, and a bruised left shoulder in a Central building elevator accident yesterday noon.

Mazzani said he and A. Chatom, a cook of No. 160 San Fernando street, entered a car when the pilot asked them to take the next one. Chatom stepped out first. Mazzani declared he was in the act of leaving the car when he started. He was thrown to the floor. His left foot stuck through the open gates and the top of the gate frame. Besides the bones being broken, the foot was almost cut off in falling. Mazzani's shoulder was bruised.

FORESTERS' NEW BUILDING.
Court E. G. No. 22, Independent Order of Foresters, has leased the four-story building, No. 246 South Hill street, formerly occupied by the Home Telephone Company, and has temporarily furnished the entire building in mahogany. The lease runs for ten years, with option to purchase. The basement has been converted into a gymnasium, the first floor is devoted to offices, billiard, card and reading rooms; the second floor has a banquet hall with a seating capacity of 400 persons; the third floor has the reception and lodge rooms, and on the fourth floor are the committee and bedrooms.

JURY DISAGREES.
The trial of Ira H. Stubbs, charged with having forged the name of Oleck to property at Blinworth, worth \$3000, closed yesterday, but the prosecution and Attorney Pearce, representing Stubbs. The most sensational testimony was given by Stubbs' stenographer, who said she saw Mrs. Stubbs sign the deed in Stubbs' office. Handwriting experts called in to pass on the signature differed in their opinions as to the genuineness of the signature. Stubbs was not put on the stand.

ARREST FOLLOWS A GIRL'S DEATH.
LOSES LIFE AS RESULT OF CRIMINAL OPERATION.

Offices of Dr. C. P. V. Watson at Fourth and Broadway are raided and Police Assert Ample Evidence of Criminality Is Found—Dr. Carleton Arrested.

Closely following the death of Miss Sadie Jones, a beautiful young woman, who succumbed to septicaemia as the result of an illegal operation while alone in her apartment, No. 5194, East Fifty street early yesterday morning, detectives in the employ of the State Medical Board raided the offices of Dr. C. P. V. Watson at Fourth and Broadway and obtained evidence, it is alleged, that the place was being conducted contrary to law.

Dr. Charles H. Carleton of No. 929 Westmoreland place, who was found in charge of the office, was placed under arrest for practicing medicine without a certificate. The prisoner was taken before Judge Williams and subsequently, was released on \$1000 bail to answer trial.

Detectives McCann and Williams of the central office were detailed to make an investigation of Miss Jones's death, and later obtained evidence that she had visited Dr. Watson's offices a few days ago in company with Miss Vera Grondale of No. 411 Crocker street.

A few hours later the young woman complained of feeling ill and gradually became unconscious. She was taken to the hospital, where she died three days later.

Both these officials were highly elated last night over the result of the raid on Dr. Watson's offices inasmuch as all the records and books of the establishment were confiscated and showed that the illegal practice had been netting the owners not less than \$25,000 a year. "I am prepared to prove at the proper time that at least fifty women have been murdered in the employ of Dr. Watson," said Attorney Morrow.

"We expect to make further arrests of the Los Angeles well known scoundrels who are willing to exchange death for gold."

The arrest of Dr. Carleton was decided last night. He was arrested and was detailed to gain an entrance to his offices under the pretense of being in the same line of work.

In a confession made last night by J. W. Block, the business manager of the establishment it is shown that none of the patients ever saw the doctor in charge, on account of a curtain in charge, on account of a curtain in charge, on account of a curtain in charge.

According to the card index system and books of the concern, the receipts of the office for the last six weeks has been more than \$100 a day, and the authorities have a complete list of all the patients who have been treated since Dr. Carleton is alleged to have entered partnership with the notorious Dr. Watson, who it is claimed is ill in bed and unable to conduct his former business.

Both Dr. Watson and his alleged associate, Dr. Carleton, are reputed to be immensely wealthy and are financially able to fight the case in the courts.

Despite this fact, Asst. Dist. Atty. Shannon declared last night that the evidence against Dr. Carleton was positive and direct.

"We are certain of our position and will proceed against this gang of criminals as fast as the cases can be prepared," he added. Dr. Carleton was arrested in 1909 on a warrant issued by the Federal Court on a charge of using the mails to promote illegal operations, and subsequently was fined \$2000 and fined \$1500 and later \$2500 more on a similar charge.

The papers captured by the detectives indicate that he was a business associate of Grace Morton, who recently was fined for running a sanatorium at No. 1328 East Fifty-first street.

We Must and Will Sell

These Seven Used Pianos

It would be foolish for any Piano house to spend money advertising Pianos it did not have and at prices for which it could not sell--We have the Pianos we advertise and sell them at prices quoted—

That's why we are selling dozens every day—We would rather sell seven Pianos at a profit of \$10 each than one Piano at a profit of \$70, for we thus make seven Friends instead of one Enemy.

Music and Stage.

(Continued from Fifth Page.)

to Bilbao, Spain, to compete with the choral societies of all Europe for a prize of \$3000, which was—and is to this day—offered annually by the Spanish government. He was the youngest conductor to enter the competition, and he won the prize with the unanimous approval of the judges.

Later, he was violin virtuoso in the Opera Comique in Paris, and in symphony concerts, for five years. Not only does he play the violin but the clarinet as well, having studied at the Conservatory of Music in Paris under Prof. Rose. He received the grand prize for clarinet playing at the Opera Comique, and today, if there is a cadenza too difficult for his players, he takes the clarinet and plays the part himself.

After several years of successful solo work in Paris, he assumed the leadership of a local orchestra at the age of 25, and conducted it successfully for two years. In 1900 he was appointed director of the orchestra of the Grand Opera in Geneva, holding this position for an equal length of time. From Geneva, he went to Algiers, and assumed the leadership of the orchestra of the government theater. There he stayed for five years, conducting grand opera.

Then M. Bardou went to Angers, and for two years was conductor of what is considered the finest orchestra in France. This orchestra is considered even better than the one at Lyons, and Lyons has for many years held supremacy over the Paris orchestra.

The Belgian government then appointed him leader of the orchestra of the Theater Mollat at Brussels. M. Bardou has had a wide and varied experience in conducting symphony orchestras in many of the principal cities of Europe. He is an officer in the French Academy of Music, and also an officer of the Bureau of Education.

Not only is M. Bardou one of the best-known conductors in Europe, and also an accomplished musician, both on the violin, clarinet and piano, but he is also a composer of great versatility. He has written a comic opera called "The Valentin," which has been in being played with great success in France. Besides this, he is the author of numerous symphonic compositions, which are played throughout Europe, and which appear in the continental musical catalogues.

"Allan Jimmy Valentine," at the Belasco week has scored such a pronounced success that it seems destined to remain on the Belasco stage for more than one week, although an announcement to this effect has been given out from the Morosco-Blackwood office.

While "Allan Jimmy Valentine" has in itself aroused sufficient interest among local playgoers to crowd the Main-street playhouse this week, it is also extremely interesting to the fact that it shows William Gibson, the new leading man, in the role of Jimmy Valentine, the expert safecracker, in which he has won instantaneous favor with Belasco patrons, while Thomas MacLarnie, another new member of the company, has scored a personal hit on his first appearance in the role of the detective, Doyle.

"Way Down East," Lottie Blair Parker's famous rural American comedy drama, now in its second successful week, continues to maintain the tremendously large attendance record established by the first week of play at the Burbank Theater, and if the box-office reports are true the second week will be even larger in the matter of attendance which, of course, is the one thing that spells success.

Notwithstanding the recent agitation against the "Texas Tommy," public demand seems so persistent that the Adolphus management has decided to do something it has never done before and which is decidedly against the Adolphus policy—that of running an act two weeks. Hence Messrs. Goldsmith & Freese's "Texas Tommy" dancing champion's night in number—will stay at the Adolphus Theater one more week beginning with Monday's matinee.

Ever since the dancers opened at the Adolphus Theater last Monday, packed houses only have greeted the dancers. There is nothing about the dance that is suggestive. It is the one dance which requires quick, rhythmic movement of foot and a good constitution. The "Texas Tommy" is really a variation of the old-fashioned waltz and the buck and wing with several freak steps interpolated to give the whole the desired tone.

Although the "Texas Tommy" dancing contest is of such importance as to almost overshadow the other numbers on the bill, nevertheless the vaudeville numbers at the Adolphus Theater next week will be of sufficient variety to suit any taste.

George Hillman, the German chauffer, who comes next week to Panthea, is one of those irreverent persons who make life interesting for poliarchs with peculiarities and peculiarities. Hillman makes Washington and Washingtonians the butt of much of his jokery, and thanks to the absence of any less-majestic law in this country, provides amusement of novel sort.

Hillman is not the headliner of the new program, that place being jointly shared by the Georgia Campers and the Dellemont troupe. The former is a merry-making troupe of ten colored singers and dancers and their competitors for the honors are a quartet of beautiful women whose efforts are devoted to statuesque poses and reproductions of famous masterpieces.

Will F. Herbert, the famous vaudeville dancer, and the Langweid Sisters sing and dance with the grace and agility that belongs to youth and the artistic refinement of experience. Miss Galarin, loaned for the season by the Bell-Photo management, offers a flying-ladder act that combines thrilling difficulties with graceful prettiness. The Panthea scope and the Panthea orchestra share the honors of the season.

TO BUILD ON SHOW PLACE

(Continued from Eighth Page.)

upon City Superintendent Francis to give his views on the subject, which the superintendent did, as he said, from the standpoint of a school man, and warmly advocated the Woolwine property.

This opened the ball and Frank James was the first speaker in favor of the Stengel property. He talked of the distance in miles and of the height of the hill as a health-destructor, in disapproval of the Woolwine property, but a few moments later it was shown from actual measurement that they were just 2200 feet apart, and the hill has not over an eight per cent. grade. He acknowledged that the additional ground that would be necessary to make the Stengel site large enough would increase the price from \$45,000 to \$75,000, but argued that money should not be taken into consideration.

NOT FOR SCENERY.

President Guinn made a strong speech in support of his opposition to buying a site on a hill. He declared for the old-fashioned idea to be that children go to school to learn something and not for scenery. Finally Frank and Stengelman leaned toward calling an election in the district, but this brought the vigorous opposition of Scott, who declared that it would lead to no end of trouble and would simply be a political contest. The vote was then taken on the Woolwine proposition and it was in the affirmative except Guinn.

A visit to the property purchased shows it to be magnificently located, and by the entrance at the east side, from North Broadway, the grade is little more than appreciable up a little house. From the corner entrance it is heavier, but this can and does not will be greatly reduced; but if it is not, those who prefer can take the low-grade entrance by walking a little further up North Broadway.

It is designed to place the tennis courts, handball courts, basketball courts, etc., on top of the hill, and there will be abundant room for other buildings, should they be required, on the lower ground. It will unquestionably prove the show place among the school buildings of the city, and no part of the municipality will be so proud of it as the portion in which it is located.

One of the stipulations in the sale is that Mr. Woolwine shall occupy the property in order to care for it until such time as the Board of Education is prepared to begin work on the building.

Cascarets Work

While You Sleep

Salts, Calomel and Cathartic Pills Are Violent—They Act on Bowels as Pepper Acts in Nostrils.

Take a Cascaret tonight and thoroughly cleanse your Liver, Stomach and Bowels, and you will surely feel great by morning. You men and women who have headache, coated tongue, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have backache and feel all worn out. Are you keeping clean inside with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse and regulate the stomach, remove the sour, undigested and fermenting food from the liver and carry off the decomposed waste matter and poison from the intestines and bowels.

Remember, a Cascaret tonight will straighten you out by morning. A 10-cent box from your druggist means a clear head and cheerfulness for months. Don't forget the children.

THIRD WEEK AND AN INSTANT SUCCESS

ACHIEVEMENT OF Nemo

AUTO-MASSAGE SELF-REDUCING CORSETS

IN just two weeks we have convinced thousands of women and a host of skeptical physicians and hygienists that these corsets will do all we claim.

It was a good deal to convince women to believe that a corset will reduce the figure permanently. But our corset is simply the most useful application of well-known physiological laws.

You know how the fingers of a skilled masseur soften the fat so that it is absorbed and removed by natural processes.

The ingenious new construction of these Nemo Corsets does more than make it possible to reduce the figure permanently; it makes it possible to reduce the figure permanently. But our corset is simply the most useful application of well-known physiological laws.
